

Sea Trips System

Chronological User Workflow & System Notifications Report

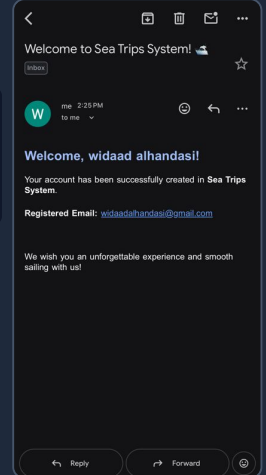

STEP 1

2:25 PM

Account Registration Confirmation

Initial confirmation email sent upon successfully registering a new account on the Sea Trips System platform.

- **Recipient:** widaadalhandasi@gmail.com
- **Subject:** Welcome to Sea Trips System! 📧
- **Key Details:** Welcomes the user and confirms official account activation.

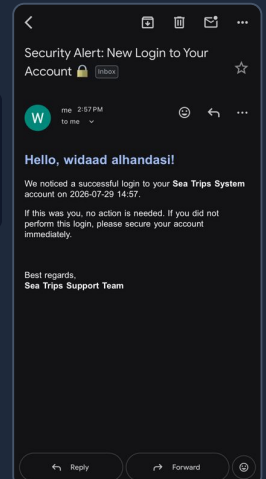

STEP 2

2:57 PM

Security Alert / Login Notification

An automated security notification monitoring account access and informing the user of a recent successful login.

- **Subject:** Security Alert: New Login to Your Account 🔒
- **Timestamp of Event:** 2026-07-29 14:57
- **Key Details:** Asks the user to secure their account if the login action was not initiated by them.

A transactional confirmation verifying that a booking payment was processed successfully.

- A screenshot of a WhatsApp chat interface. At the top, there's a navigation bar with a back arrow, a status icon (a person with a checkmark), a trash can icon, an envelope icon, and a plus icon. The main header shows 'Payment Receipt #PAY-6' with a blue 'Invoice' button to its right. Below this, there's a green star icon. The chat history shows a message from 'me' at 3:57 PM saying 'to me' with a dropdown arrow. Below that is a large green text message: 'Thank you, widaad alhadasil!'. A system message follows: 'Your payment has been processed successfully. Here are your transaction details:'. Below this, the transaction details are listed: 'Payment ID: #6', 'Appointment ID: #5', 'Amount Paid: \$5000.00', 'Payment Method: ApplePay', and 'Transaction Date: 2026-07-29 15:57'. At the bottom, there's a text input field with the placeholder 'Have a great trip!'. The bottom navigation bar contains five icons: a back arrow, a plus icon, a right arrow, a forward icon, and a circular icon with a plus sign.

System notification from Mail Delivery Subsystem regarding a failed outgoing email attempt.
